and 6,000,000 on Bear river.

Parties who have attended the fair

t Phenix this year and who previously attended these aunual expositions, claim that this last was the poorest yet held. As a territorial institution it is an in glo ious failure, and it will be difficult in the future for Phenix to be able to utract any attendance or exhibits from ther portions of the country. As heretofore stated in these columns, the blame does not rest with the managemeht of the fair entirely, although it has been openly charged that in the prepara tion of he speed ring programme, special attention has always been made to select one that would apply particularly to horses in the Salt river vally Whether this be true or not we are unable to positively state. We do know that two years ago a professional pitcher was in ported by the Phenix club for the purpose of "doing up" any base ball players that might put in in appearance from other portions of the territory and year. We also know that in the fire men's tournament fair treatment was not accorded to visiting teams, but that every mean, despicable trick imaginable was concocted against them. With such instincts of hoggishness as this. which manifests itself on every occasion. Phenix can never hope to attract visitors to her fair, and our prediction is that she will be "let severely alone" in the enjoyment of it hereafter, and most assuredly by Cochise and Yavapai counties after the treatment accorded visa tors from there this year,

After reading the official correspondence in the case of the commutation of the sentence of Alfred Brown, one cannot but arrive at the conclusion that affairs at the territorial prison have been grossly mismanaged, under demothe democratic board received \$6,000 which has never been accounted for to the territory. It now looks as if Geore H. Stevens, one of the leaders of that party territory, had absconded with this in his possession. So far as the territory is concerned, however, it does not know "Little Steve" in the matter, the entire board being responsible.
